Mr. Chapman,

Philadelphia.

Dear Sir,-

Will you kindly send me a list of cents and half cents, which you have for sale in an uncirculated and proof condition, together with a list of cash prices?

If at sometime you would let me know and make an engagement I would like to show you some colonial and United States pieces which I have for sale or exchange.

Very truly yours,

*Lewis H. Adler, Jr.,

It would be a very
large task to make
such a list and useless
too as you could not
buy such coins without seeing
them. Will be pleased
to have you call at any
time and show you such
as we have. Always ready
to buy so bring your
coins with you.

My dear Mr. Chapman:-

I am in receipt of your very kind letter addressed to me from New York. I thoroughly appreciate the reason for your hurrying away and regret that I was unfortunately the cause of your detention. Regarding the other matter of which you speak, I would state that your brother is probably not in the best of health. At all events his demeanor is such that I will not subject myself or him to a repetition of the occurrence of the other day. I have the highest personal regards for yourself, as well as your father, and if at any time you have anything that you think will interest me I would be glad to have you bring it to my house to show me.

With renewed thanks for your courtesy, and with kindest personal regards, I am,

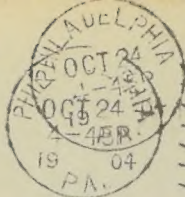

Very truly yours,

Lewis H. Adler, Jr.
